Web Announcement 2393

Update for Provider Types 30, 38, 39, 48, 55, 57, 58, 59 and 83:

Web-based Serious Occurrence Report (SOR) Form

Update to [Web Announcement 2327](#): The web-based Serious Occurrence Report (SOR) form is no longer available on the Aging and Disability Services Division website (adsd.nv.gov).

Providers can continue to access the web-based SOR form on the Division of Health Care Financing and Policy (DHCFP) Long Term Services and Support ([LTSS](#)) webpage and from the [Provider Forms](#) webpage on the DHCFP Provider Portal (www.medicaid.nv.gov). **Please note that Internet Explorer must be used to access the web-based form as it is the only compatible browser.**

As a reminder, the use of the web-based SOR form is required to report all serious occurrences that involve a Nevada Medicaid Fee-for-Service or Waiver recipient. This web-based form replaces the paper-based NMO-3430A and allows providers the ability to submit all SOR's to the appropriate division (DHCFP or ADSD) via the web. Do not upload or attach the SOR through the Provider Web Portal as it must be submitted directly to DHCFP or ADSD.

A training video that includes instructions on using the web-based form is also available and providers are encouraged to view it. The video is available on the [Provider Training](#) webpage.
